**Pennies for Patients** ~ This month we are holding our annual 'Pennies for Patients' campaign to raise money for the Leukemia & Lymphoma Society. During the month of March staff, students and their families are asked to save and donate their loose change. Each classroom will have a collection box and students will bring home an individual/ family collection box. We will collect donations every day until the end of the month. In the past we have raised upwards of \$1,000 for this cause. This year's drive is dedicated to Madison DiSilva, a Kennett sophomore and former Brett student who is currently battling cancer. Tamworth PTA is graciously donating a match of up to \$500.00 and our students Middle School Dance raised \$150.00 and is donating it to Pennies for Patients also. Thank you from the Student Council.

**2017 Theme: Why Wastewater?**

This year, we focus on wastewater and ways to reduce and reuse, as over 80% of all the wastewater from our homes, cities, industry and agriculture flows back to nature polluting the environment and losing valuable nutrients and other recoverable materials.

We need to improve the collection and treatment of wastewater and safely reuse it. At the same time, we need to reduce the quantity and pollution load of wastewater we produce, to help protect the environment and our water resources.

The opportunities from exploiting wastewater as a resource are enormous. Safely managed wastewater is an affordable and sustainable source of water, energy, nutrients and other recoverable materials.

You can access their website at: <http://www.worldwaterday.org/>
